SUMMARY

Growth marketer with a product background. Spent two years as the sole marketing hire at a B2B AI agency, building its organic social presence from zero with no paid budget by researching, scripting, shooting and editing every post. Before that, mapped onboarding friction and ran sprint delivery as a Product Associate at a startup studio, and recruited creators for a creator economy platform. Currently covering the Head of Marketing & Operations remit at Grovera on a fractional basis. Builds tools when the work calls for it, from an AI video production pipeline to SEO automation. MSBA in Business Analytics (in progress).

SKILLS

Growth & Product: organic social (short-form video, LinkedIn, Instagram), content strategy, creator partnerships, landing page and conversion audits, onboarding journey mapping, user research, competitor analysis, product briefs, Agile/Scrum

Analytics & Tracking: PostHog, Google Analytics, Google Search Console, Meta Conversions API, RudderStack, SQL, Python, Excel and Google Sheets

AI & Automation: Claude Code, ElevenLabs, HeyGen, WhisperX, FFmpeg, FastAPI, Google Apps Script, Playwright, Apollo, Brevo

PROFESSIONAL EXPERIENCE

Grovera — Fractional Head of Marketing & Operations (*Consulting*) | Karachi, Pakistan | Sep 2026 – Present

Marketing and operations firm serving client and in-house brands.

- **Conversion Audit:** Delivered a **23-finding** website audit and build brief for client SM Lumière, split by dependency so the developer could start **19** fixes without waiting on client assets; the team accepted the bucketed work plan after review.
- **Cross-Team Delivery:** Coordinate development, design and the creative team across client and in-house work, setting owners, sequencing handoffs and following work through to delivery.
- **Launch Risk:** Audited Grovera's own site before developer pickup and flagged three P0 launch risks, including an unregistered canonical domain and a contact email with no mail records behind it.

Autonomous — Marketing Associate | Karachi, Pakistan | Sep 2024 – Aug 2026

B2B AI and automation agency (autonomoustech.ca). Sole marketing hire; owned content, campaigns, tracking and CRM.

- **Organic Social From Zero:** With no paid budget and no existing audience, researched what the target audience wanted to watch, then scripted, shot, edited and published all short-form video and image content; grew LinkedIn to **35K+ impressions**, **1,100+ unique visitors** and **400+ followers**, and drove **14.5K+ Instagram views** and **780+ interactions** in 90 days.
- **Campaign & Landing Page:** Ran a Meta Conversions API campaign end to end across landing page, audit offer, infographic and carousel series; built positioning for a suite of **5 audit products** covering performance, intent, attribution, conversion and copy.
- **AI & Automation:** Built an AI writing humanizer covering **46 patterns** and a caption writer with pre-loaded brand profiles; after a WordPress to Wagtail migration left **200+** pages unindexed, built a scheduled script that found and submitted **70+ invisible links** to Google Search Console.
- **CRM & Outreach:** Cleaned and segmented **3,400+ Apollo contacts** for a Brevo migration; redesigned influencer outreach into a warmth-scored workflow separating bulk discovery from daily engagement.

Lean Outset — Product Associate | Karachi, Pakistan | Dec 2023 – Aug 2024

Product studio focused on early-stage startup builds.

- **Onboarding & Research:** Mapped customer onboarding journeys in Miro to surface friction points before users reached core value; ran user and market research to inform product positioning.
- **Delivery:** Introduced Scrum ceremonies with a defined Definition of Done and sprint review cadence, cutting slipped deadlines; built a product audit plan and partnership strategy aligned to growth targets.

JS Bank — Graduate Trainee, Relationship Manager | Karachi, Pakistan | Jul 2023 – Jul 2024

- **Retention & Growth:** Built a calling programme and cross-sell framework around client cash-flow cycles, growing a **PKR 220M** deposit portfolio **12% YOY**, lifting retention **35%** and adding **PKR 55M** in new revenue.

Linkstar — Business Development & Operations Intern | Karachi, Pakistan | Dec 2021 – May 2022

Creator economy platform connecting influencers with brands.

- **Creator Acquisition:** Acquired **75+ creator profiles**, managed a CRM of **1,000+ users** and executed a **PKR 200,000** influencer campaign; structured product testing surfaced UX bugs and improved app functionality by **15%**.

PROJECTS

AI Video Production Pipeline | github.com/muhammadosamasohail

Takes a script from Airtable and outputs a voiced, avatar-led, B-rolled, captioned video in 16:9 and 9:16, with six human review gates (audio, avatar, B-roll, captions, composite, final) and a live status dashboard. Stack: Python, FastAPI, ElevenLabs, HeyGen, WhisperX, FFmpeg, Azure OpenAI.

EDUCATION

KSBL — Master of Science in Business Analytics (MSBA) | Karachi, Pakistan | Sep 2024 – Present

Capstone: Customer sentiment and competitor intelligence dashboard classifying multi-source reviews (Reddit, G2, Capterra) at **80% accuracy** to surface product and messaging gaps. **Coursework:** Machine Learning, Data Engineering, PySpark, Python for Analytics.

SZABIST — Bachelor of Business Administration (BBA), Marketing, GPA: 3.4 | Karachi, Pakistan | Jun 2023
